

ABHISHEK PRATAP SINGH

Sagar, Madhya Pradesh, India | abhishekpratapsingh795@gmail.com | github.com/aps795 | aps795.github.io/MY-PORTFOLIO/

PROFESSIONAL SUMMARY

BCA student and AI/ML enthusiast with interests in artificial intelligence, machine learning, programming, and full-stack web development. Experienced through internships and hands-on projects involving ML prototypes, NLP, front-end development, databases, automation, and problem solving. Focused on building strong foundations in computer science and developing future-ready solutions.

EDUCATION

Bachelor of Computer Applications (BCA)

Currently Pursuing

Dr. Harisingh Gour Central University, Sagar

Relevant Coursework: Data Structures, Databases, AI Foundations

Class 12 — PCM + IP

2025 | 58.7%

MMDBPM Academy

Class 10

2022 | 73.4%

Sunbeam World School

RELEVANT EXPERIENCE

Codec Technologies India — Artificial Intelligence Intern

JUL–AUG 2026

- Built small-scale ML prototypes and explored NLP projects.

CodeAlpha Technology — AI Development Projects

JUL–AUG 2026

- Worked on freelance and university projects focusing on front-end development and databases.

PROJECTS

Thinkora AI — Chat Bot

AI assistant for learning and customer support; built with retrieval and lightweight NLP components.

Python • NLP • Flask

AdiCart — Shopping App

E-commerce app with UX improvements and cart flows.

JavaScript • HTML • CSS

RailTrack

Train tracking and schedule web app for Indian Railways.

HTML • JavaScript • APIs

My Portfolio

Personal website and dashboard.

HTML • CSS • JavaScript

SKILLS

Programming & Web: Python, JavaScript, HTML, CSS, SQL

AI / ML: AI Fundamentals, Machine Learning Concepts, Model Evaluation, NLP, PyTorch / TensorFlow (Learning)

Databases & Tools: SQL & Databases, Data Analysis, Scripting, Automation & Tooling

Professional: Problem Solving, Algorithms, Troubleshooting, Full-Stack Web Development

CERTIFICATIONS

- ISRO — ISRO Bharatiya Antariksh Hackathon 2026
- ICAC & CodecTechnologies — Certificate of Completion – Artificial Intelligence Training Program
- Codec Technologies India — Artificial Intelligence Intern
- HackerRank — Problem Solving
- Dr. Harisingh Gour University — Python Workshops
- Simplilearn — Introduction to Python
- Simplilearn — Introduction to Artificial Intelligence
- Microsoft Learning — Introduction to Zero Trust and Best Practices Framework

ACHIEVEMENTS & PROFILES

HackerRank: Problem Solving & Python — practicing core problem-solving, algorithms, and Python programming with verified skill badges.

LeetCode: DSA & Competitive Programming — solving data structures, algorithmic problem sets, and logic challenges.
